MFG. of Luxury Sanitary Wares

8-A, National Highway, Jambudiya,
Near Dariyalal Resort MORBI - 363 642

E-mail : soronasatary@gmail.com • Web : www.sorona.in

Company Profile

The company was established in the year 2005. We have a team of [2/3] Directors.

Mr. Kantibhai Patel runs the Technology and production department. In conjunction with the marketing department, he looks to focus on providing fast and efficient ways of production and improving quality on a regular basis.

Mr. Sureshbhai Patel is responsible for Marketing department. His major duties being in communication with channel partners and Interior consultants. He is further focussing on learning the new tastes and preferences of the customer. This feedback is provided to the design And Quality Control departments to move on to a Higher level.

The company has earned a ISO 9000 certificate for their quality systems. The approach being very simple but effective. Keep Everything, People, Procedures and Products in proper quality as they should be. Everything else will take care of itself. The company has a fully equipped laboratory and every person is well trained in the job he is performing. Further the company keeps very good care of its employees as satisfied employees have higher and better outputs.

So, tying up with Sorona would be your best move to join the better quality league. As a result getting better customers and better business.

Quality Policy

We, at SORONA Sanitary wares will always strive for excellence in quality in every product we make, every time that we make it. We are committed to combining the stste-of-the-art technology with the finest brains and best labor skills in the business in order to attain the high levels of excellence that we aim for.

We will follow a logical and transparent pricing policy in order that all our products will be affordable and will seem reasonable to you, our valued customers.

In order to provide you with continuously upgraded and refined products, we at SORONA Sanitary wares commit ourselves to an agenda of rigorous and constant research and development with both materials and design.

WATER SAVING

Our WCs have a special bowl structure and are specifically designed to flush with both lower (2.5/4 litre) and typical (3/6 litre) water volumes.

By using less water, these water saving WCs benefit you and the environment. All our standard height wall-hung frames come with dual flush function as standard in both 2.5/4 litre and 3/6 litre options.

SPACE SAVING

A wall-hung WC takes up less room than a conventional WC, and the concealed installation offers flexibility in confined spaces. The range of compact WCs have shorter projection, saving even more space.

CHARACTERISTICS

All seats and covers are subjected to a weight test.

All seats and covers are subjected to an open/close test.

Soft Close Seats & Covers
Soft Closing and silent
Special technology

Anti Bacterial Glazed

RIM-LESS TECHNOLOGY

Offering effortless cleaning and innovative, hygienic design. Our rimless WC pan eliminates the areas where germs gather and multiply, giving a superior level of hygiene.

WASHBASIN FORMS

Washbasins can be used with a pedestal as well as being wall-hung. Basins suitable for use with a counter top can be fitted in three alternative ways:

FISCHER

A simple, elegant installation system for use with wall-hung WCs. The fixings are hidden from sight by the use of internal ABS sleeves, creating a clean, smooth design.

All WC pans are subjected to an odor leakage test.

Saves water with only 1 Ltr. of water consumption.

Requires very little space and provides easy bottom cleaning.

WALL HUNG BASIN

As per shown in the picture, the rag bolt must be grouted into the cement/concrete wall. The bolts must be fixed to the cement/concrete wall. Allow setting & checking than install it using nut and washer.

COUNTER WASHBASIN

At the beginning

1. A skilled or experienced person should install counter lavatories.
2. Avoid using adhesive with this product.
3. Check the waste area and supply tubing if required.
4. Do not open the lavatory from its protective carton until you are ready for installation.
5. Please follow all local building and plumbing codes.

MATERIAL & TOOLS

Measure tape, Keyhole or saber saw, Hammer, Glasses, Rags or Paper toweling, Drill (1/2 dia, drill bit or larger), Pencil, sealant, sharp knife or scissors.

INSTALLATION OF LAVATORY

Please Note : Please install it in a way that future removal from underneath the counter top is possible without damaging the counter top.

1. Please check the desired location for clearance between the back splash, faucet, Fixture and cabinet.
2. Please cut the template.
3. Please carefully trace the template on the counter top directed.
4. Please mark the faucet hole centerline on the counter top.
5. Please drill a 1/2" pilot on the inside of the cut line.

For Wood Counter tops:

1. Mark and per-drill the wood screw holes at the locations shown on the template.
2. Waterproof any exposed areas of wood.

For Marble Counter tops:

1. Position the counter top upside down on foam padding to protect the surface. Mark and drill 3/6" holes 5/8" deep at the locations shown on the template.
2. Use a setting tool and hammer to secure the anchors.

For All Installations:

1. If the counter top has not been installed, install it at this time.
2. Drill the faucet holes according to the faucet installation instructions.
3. Install the faucet to the counter top according to the manufacture's instructions.
4. Install the drain to the lavatory according to the manufacture's instructions.
